

User Guide – UiTM Marketplace System

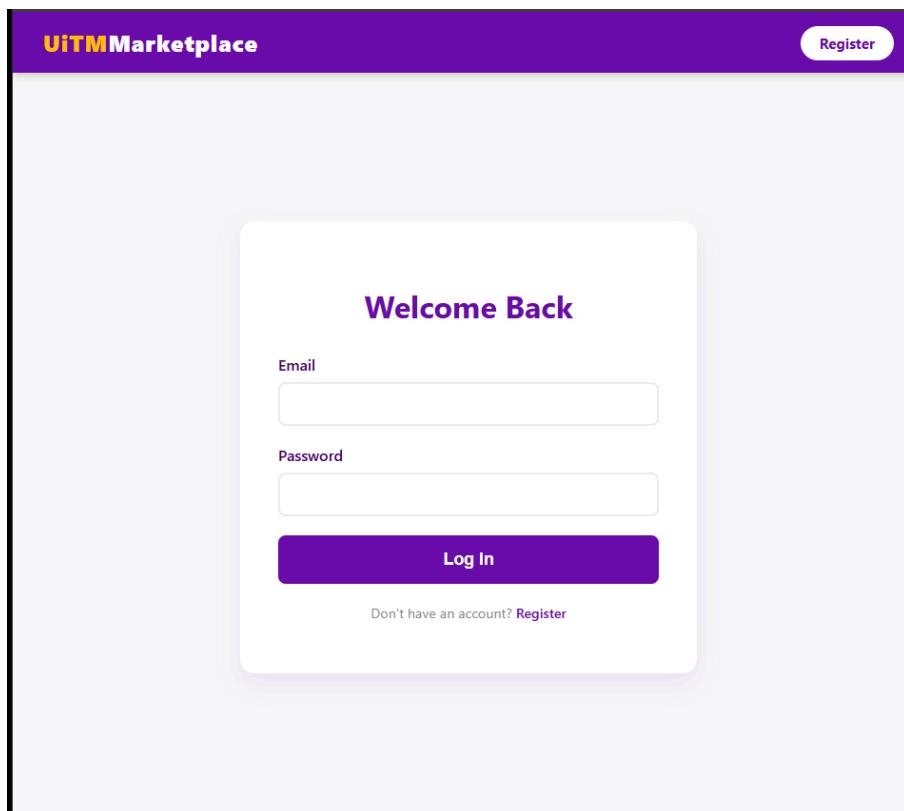

1. Login Page

The Login page is used to allow users to enter the system.

Users need to enter:

- Email
- Password

After clicking the login button, the system will check the user details. If the information is correct, the user will be redirected to the home page. If the details are incorrect, access will not be allowed.

2. Register Page

The Register page is for users who do not have an account yet.

Users are required to fill in:

- Student ID
- Full name
- Email address
- Password

After clicking the register button, the account will be created and the user can log in using the registered details.

The screenshot shows the 'Create Account' form on the UI TM Marketplace website. The form is contained within a white card with rounded corners, set against a purple background. At the top left of the card is the text 'Create Account'. Below this are four input fields: 'Full Name', 'Student ID', 'Email', and 'Password'. The 'Password' field contains the placeholder 'Create Password'. At the bottom of the card is a large purple button labeled 'Register Now'. Below the card, on the purple background, is a small link 'Already have an account? Log In'.

3. Home Page

The Home page is the main page shown after a successful login.

On this page, users can:

- View the navigation bar
- Access different features of the system
- Move to other pages such as viewing or selling items

4. View All Items Page

This page displays all items that have been listed in the marketplace.

Each item usually shows:

- Item name
- Category
- Price
- Short description

Users can scroll through the page to browse available items.

The screenshot shows the homepage of the UITM Marketplace. At the top, there's a purple header bar with the text "UITM Marketplace" on the left and navigation links "Home", "Shop", "Cart", "+ Sell", "History", "Profile", and "Logout" on the right. Below the header, a large banner features the text "Buy, Sell & Trade on Campus" and a subtext "The exclusive marketplace for students. Safe, fast, and local." A product listing for "16gb RAM 3200MHz 1Rx8" is displayed, showing a thumbnail image of the RAM module, the product name, and the price "RM 540.67". To the left of the product, there's a sidebar titled "Filter" with options like "Price: Low to High", "Price: High to Low", "Sort: A - Z", and "Categories" (with sub-options "Books", "Gadgets", "Clothing"). There's also a "Reset Filter" button at the bottom of the sidebar. The URL "localhost:8080/UITMMarketplace/ProductDetailServlet?id=3" is visible at the bottom of the page.

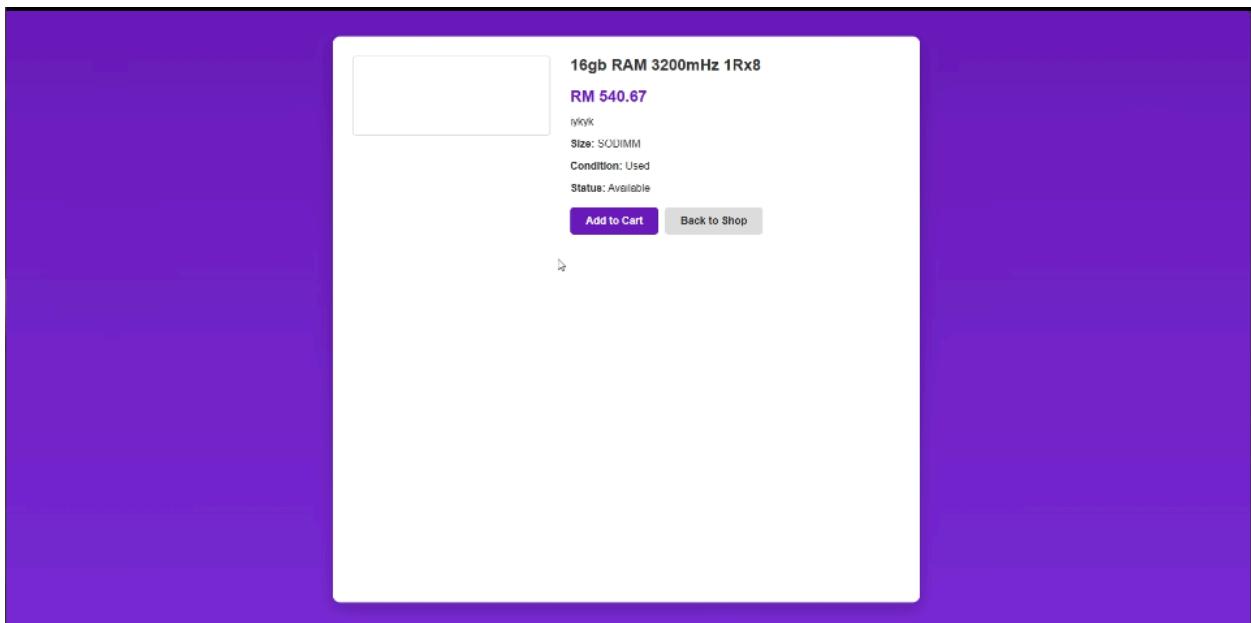

5. Item Details Page

The Item Details page provides more detailed information about a selected item.

Information displayed includes:

- Full item description
- Item price
- Category
- Seller information

This page helps users understand the item before making any decision.

6. Cart Page

The Cart page allows users to store items they are interested in before making any action.

On this page, users can:

- View items that have been added to the cart
- See item name and price
- Remove items from the cart if no longer needed

The Cart page helps users manage selected items in one place before proceeding further.

The screenshot shows the UITM Marketplace Shopping Cart page. At the top, there's a purple header bar with the 'UITM Marketplace' logo and navigation links for Home, Shop, Cart, Sell, History, Profile, and Logout. Below the header is a white main content area with a title 'Shopping Cart'. A table lists the items in the cart:

Product	Price	Quantity	Subtotal	Action
16gb RAM 3200mlc 1Rx8 (Size SODIMM)	RM 540.67	2	RM 1081.34	Remove

Below the table is an 'Order Summary' box:

Order Summary	
Subtotal	RM 1081.34
Shipping (Campus Meetup)	RM 5.00
Total	RM 1086.34

At the bottom of the page is a dark purple footer bar with the text '© 2024 UniMarket Group Project.'

7. Sell Item Page

The Sell Item page allows users to list their own items for sale.

Users need to enter:

- Item name
- Category
- Price in Ringgit Malaysia
- Description of the item

After submitting the form, the item will be added to the marketplace and visible to other users.

The screenshot shows the 'List an Item' form on the UITM Marketplace. The form fields include:

- Item Title:** A text input field with placeholder text "e.g. Calculus Textbook".
- Price (RM):** A text input field containing "0.00" and a dropdown menu for selecting the currency.
- Category:** A dropdown menu currently set to "Books".
- Size (Optional):** A text input field with placeholder text "e.g. M, L, N/A".
- Condition:** A dropdown menu currently set to "Used".
- Image URL:** A text input field containing "https://...".
- Description:** A text area with placeholder text "Describe your item...".
- List Item:** A large purple button at the bottom of the form.

The top navigation bar includes links for Home, Shop, Cart, Sell, History, Profile, and Logout.

8. Profile Page

The Profile page shows the user's personal account information.

Details shown include:

- Student ID
- Full name
- Email address

This page is mainly for viewing user information.

The screenshot shows the 'My Profile' section of the UIITM Marketplace. At the top, there is a purple header bar with the text 'UIITM Marketplace' on the left and navigation links 'Home', 'Shop', 'Cart', '+ Sell', 'History', 'Profile', and 'Logout' on the right. Below the header, the main content area has a white background. The title 'My Profile' is centered at the top of this area. On the left, there is a circular 'Edit Avatar' button containing a stylized letter 'H'. To the right of the button, the user's name 'Hadif Uzair' is displayed, along with their 'Student ID: 2025367213' and 'Member since: 2024'. Below this section, there is a 'Save Changes' button. The central part of the page is titled 'Account Details' and contains four input fields: 'Full Name' (Hadif Uzair), 'Student ID' (2025367213), 'Email Address' (hadif@gmail.com), and 'Phone Number' (011362869154).

9. History Page

The History page is used to display records of previous transactions made by the user.

On this page, users can:

- View items that have been checked out before
- See item names and prices
- Check the date of the transaction

This page helps users keep track of their past activities in the system.

The screenshot shows the 'Purchase History' section of the UITM Marketplace. At the top, there is a purple header bar with the 'UITM Marketplace' logo and navigation links for Home, Shop, Cart, Sell, History, Profile, and Logout. Below the header, the title 'Purchase History' is centered above a table. The table has columns for Order ID, Date, Items, Total Price, Status, and Action. There are three rows of data:

Order ID	Date	Items	Total Price	Status	Action
#ORD-3	2026-01-21 17:12:30.006	16GB RAM 3200MHz 1Rx8	RM 1086.34	Pending Confirm Receipt	View Details
#ORD-2	2026-01-21 17:05:10.421	Calculus textbook	RM 25.0	Pending Confirm Receipt	View Details
#ORD-1	2026-01-11 16:37:37.991	asd	RM 374.0	Pending Confirm Receipt	View Details

At the bottom of the page, there is a dark purple footer bar with the text '© 2024 UniMarket Group Project.'

10. Checkout Page

The Checkout page is used to review items before completing the process.

On this page, users can:

- View all items selected from the cart
- Check item names and prices
- See the total amount

Before proceeding, users can:

- Review the selected items
- Go back to the cart if changes are needed

Once confirmed:

- The checkout process is completed
- The cart will be cleared after successful checkout

The screenshot shows the UITM Marketplace Checkout page. At the top, there's a purple header bar with the 'UITM Marketplace' logo and navigation links: Home, Shop, Cart, Sell, History, Profile, and Logout. Below the header, the main content area has a light gray background. The title 'Checkout' is centered at the top of the form. The form is divided into several sections:

- Pickup Information:** Fields for 'Full Name *' (Ali bin Abu) and 'Student ID *' (2023xxxxxx).
- Pickup Address *:** A dropdown menu showing 'UITM Marketplace Center'.
- Phone Number *:** A field containing '011302869154'.
- Your Order:** A summary table showing:

16gb RAM 3200MHz 1Rx8 x 2	RM 1081.34
Shipping	RM 5.00
Total Pay	RM 1086.34
- How Campus Pickup Works:** A box with three steps:
 - Place your order and make payment
 - Seller delivers item to UITM Marketplace Center after 3 days (working days only)
 - Pick up your item at the center during operating hours
- Pickup Location Details:** Information about the UITM Marketplace Center, including address, hours (Monday-Friday: 9:00 AM - 5:00 PM; Saturday: 10:00 AM - 2:00 PM), and a note to bring student ID for verification.
- Payment Method:** A section where payment methods are listed, though no specific details are visible.

11. Seller Dashboard

The Seller Dashboard page allows sellers to monitor their selling activity in the system.

- At the top of the page, users can see a summary of their performance, including:
- Total Revenue, which shows the total amount earned from sold items
- Items Sold, which displays the number of items that have been sold
- Active Listings, which shows how many items are currently listed for sale

There is also a “List New Item” button that allows sellers to quickly add a new item to the marketplace.

This page helps sellers get a quick overview of their sales and listings.

The screenshot shows the Seller Dashboard of the UiTM Marketplace. At the top, there's a purple header bar with the logo 'UiTM Marketplace'. To the right of the logo are navigation links: Home, Shop, Cart, + Sell, Dashboard, Orders, Profile, and Logout. Below the header, the main content area has a white background. It features a title 'Seller Dashboard' at the top left. On the right side of the title is a green button labeled '+ List New Item'. Below the title are three rounded rectangular boxes containing performance metrics: 'Total Revenue' (RM 100.00), 'Items Sold' (1), and 'Active Listings' (1). Further down, there's a section titled 'Sales History' with a table showing one transaction. The table has columns for Product, Buyer, Date, Price (RM), and Status. The status for the single entry is 'Pending'. At the bottom of the dashboard, there's a dark purple footer bar with the copyright notice '© 2024 UniMarket Group Project.'

Product	Buyer	Date	Price (RM)	Status
 enterprise Programming	Aina Najihah	2026-01-22 10:25:09.123	100.00	Pending
